

Counseling PhD

Course Requirements

Doctoral students must have met the equivalent of CACREP master's program requirements, plus complete approximately 69 hours of additional coursework, as outlined below.

1. Master's Degree—A minimum of 48 semester hours, equal/equivalent to a CACREP-accredited master's degree, must be completed prior to finishing the doctorate.
2. Doctoral Field Experience—12 semester hours of class, which includes a combination of supervised clinical training, teaching, and clinical supervision.
3. Core Doctoral Courses—21 semester hours of required doctoral counseling courses.
4. Cognate Area— 9 semester hours from one of several department-approved content areas.
5. Elective — 3 semester hours selected with adviser to build competencies in an area that meets the student's professional needs.
6. Research Tools—15 semester hours in research methodology and statistics (or documented proficiency) from the University-approved Research Tools options. One of the research tools courses must be a qualitative research course.
7. Dissertation—9 to 12 semester hours. In addition to the courses above, all general catalog requirements for the degree must be met.

Residency

Doctoral student residency in the A&M-Commerce Department of Counseling serves three purposes. First, it is designed to encourage collegial relationships between students and faculty. Second, it introduces students to typical professional expectations they will encounter as they progress through their careers. Finally, activities within the residency enhance student learning by supplementing the academic and experiential components of the program.

To fulfill the residency requirements in the Department of Counseling, doctoral students must complete the following activities.

1. Attend a minimum of six doctoral seminars.
2. Assist faculty members on two different projects intended to ultimately lead to either manuscripts submitted for publication in peer-reviewed journals or presentation proposals submitted for peer-reviewed program consideration at state, regional, or national conferences. Students must collaborate with at least two different faculty members.
3. Engage in a minimum of three departmental activities. Suggested activities include proctoring master's comprehensive examinations, assisting with Murphy Day, assisting with the fall school counselor conference, maintaining the departmental bulletin board, maintaining the departmental job board, etc. Activities **MUST** include assisting with Master's-level Practicum (COUN 551). This is in addition to COUN 660 Supervision requirement.
4. Actively engage in professional service. Two components comprise this requirement:
 - a. Holding elected or appointed office in a local (E.g., Chi Sigma Iota, Doctoral student Association, Branch of the Texas Counseling Association), state (e.g., Texas Counseling Association or its divisions), regional (e.g., Southern Region of the American Counseling association), or national (e.g., American Counseling association or its divisions, American College Personnel Association), professional organization or by chairing or serving as a member of a committee of one of these organizations.
 - b. Serving on a university, college, or departmental committee or task force (e.g., Master's Admissions Committee, Departmental Human Subjects Protection Committee, University Library Committee).
5. Completing 24 semester hours at Texas A&M University-Commerce toward the degree.

There is no specified time limit for completing residency.

Note:

The department reserves the right to suspend from the program any student who, in the judgment of a duly constituted departmental committee, does not meet the professional expectations of the field. A copy of the department's Retention/Dismissal Procedure may be obtained from the departmental office.

NOTE: No course beyond the master's program that is over ten years old at the time the doctoral degree is conferred can be used toward the doctoral degree.

COUN 500 - Orientation

Hours: 0

COUN 501 - Orientation to the Counseling Profession

Hours: 3

Recommended as initial course in a student's program to serve as an introduction to the counseling profession. Roles of counselors and related professionals in various settings are presented. Professional goals and objectives, trends, professional associations, ethical and legal issues, history, credentials, and preparation standards for counselors are explored. A grade of B or better is required in COUN 501 to meet program requirements for the MS-Counseling programs. Corequisites: COUN 510.

COUN 505 - Introduction to College Student Affairs

Hours: 3

Recommended as initial course in a student's program to serve as an introduction to college student development from a Counseling perspective. Roles of related professionals, including counselors, in various settings are presented. Professional goals and objectives; trends; professional associations; ethical and legal issues; history; credentialing; preparation standards; and characteristics, and behaviors that influence helping processes are explored.

COUN 510 - Counseling Theories and Techniques

Hours: 3

A study of the philosophical and theoretical foundations of the helping process. The course emphasizes major counseling theories, current literature, and application of theories to social and cultural populations and family systems. It also addresses professional issues that impacts the counseling process. A grade of B or better in COUN 510 is required to meet program requirements for the MS/MEd Counseling programs. Corequisite: COUN 501 : Orientation to the Counseling Profession.

COUN 512 - Career Development

Hours: 3

Career development theories; occupational, educational, and personal/social information sources and delivery systems; and organization of career development programs are studied. Interrelationships among lifestyle, work place, and career planning are explored.

COUN 513 - Communication In Marriage

Hours: 3

Theories and techniques of verbal, and nonverbal communication in the marriage relationship are studied. Prerequisites: COUN 516 and COUN 528. Corequisites: COUN 516 and COUN 528.

COUN 514 - School Counseling and Development

Hours: 3

As the foundation course for those planning to enter school counseling, this course covers organization, planning, management, and evaluation of comprehensive school counseling programs. Appropriate roles and functions of school counselors at various school levels, coordination of professional services; and professional issues such as ethics and associations as they specifically relate to school counseling are included. Recommended for non-counselor educational professionals as well as counselors. Corequisites: COUN 501.

COUN 516 - Basic Counseling Skills

Hours: 3

This course provides the foundation for all practicum and internship experiences. Students will learn fundamental helping skills, methods, and techniques that support the development of a strong therapeutic alliance and will demonstrate these skills under faculty supervision. Consistent and accurate application of these skills is required for enrollment in Practicum (COUN 551). Students will also engage in a counseling experience and are expected to adhere to the ACA Code of Ethics. Prerequisite: COUN 501, COUN 510, with minimum grade of B.

COUN 517 - Assessment in Counseling

Hours: 3

This course includes group and individual appraisal techniques used to support career, educational, and personal planning and development. Topics include standardized and non-standardized methods of data collection, validity, reliability, psychometric statistics, factors that influence appraisals, and the interpretation and application of results within the client's context.

COUN 520 - Advanced School Counseling

Hours: 3

This course is designed to support further understanding of how to implement a comprehensive developmental school counseling program. Furthermore, this course thoroughly examines specialized topics related to school counseling. Through the course, students are taught models that can be applied in real life situations. They are also encouraged to develop their own models for practical application. This course is a required course for all professional school counseling graduate students and students pursuing a career as a professional school counselors in a pre-K-12 school setting. Prerequisite: A minimum grade of B in COUN 514.

COUN 522 - Counseling Diverse Populations

Hours: 3

Counseling Diverse Populations. Three semester hours. Emphasis on developing knowledge, skills and attitudes for more effective counseling with persons different from the counselor regarding characteristics such as culture, race, gender, sexual orientation, physical disability, and religious preference. Substantial attention is given to developing awareness of one's own values, attitudes and beliefs as they relate to counseling in a diverse society. Provides an understanding of how diverse values and mores, interaction patterns, social conditions, and trends related to diversity affect counseling.

COUN 528 - Introduction to Group Dynamics and Procedures

Hours: 3

A study of group development, dynamics, and theories in relation to group counseling. Leadership styles, techniques and roles are explored, and ethical issues related to group interventions are discussed. Prerequisites: A minimum grade of B in COUN 516.

COUN 530 - Ethical, Legal, and Professional Issues in Clinical Mental Health Counseling

Hours: 3

As the foundational course for aspiring clinical mental health counselors, this course covers both theoretical and practical aspects of ethical, legal, and professional issues in providing mental health counseling services within the broader social services system. Topics include professional issues, ethical and legal considerations (local and federal), delivery systems, staffing and case management procedures, emergency services, treatment paradigms, and the importance of consultation and collaboration among mental health professionals. Prerequisite: A minimum grade of B in COUN 501 and COUN 510.

COUN 534 - Counseling Children and Adolescents

Hours: 3

Prepares counselors to address the specific needs of children and adolescents, with emphasis on developmental needs, specific therapeutic interventions, and common emotional issues. Group and individual counseling techniques and treatment planning are included. Prerequisite: COUN 516 and COUN 528. Corequisites: COUN 516 and COUN 528.

COUN 535 - Psychopharmacology in Clinical Mental Health Counseling

Hours: 3

This course integrates the study of mental disorders as classified in the DSM-5-TR with an introduction to psychopharmacological medications. Students will examine medication classifications, indications, contraindications, and potential side effects. They will also learn how these medications are administered, how they affect the brain, and how to identify commonly prescribed medications for specific mental disorders. The course is designed to introduce the role of psychopharmacology in clinical mental health counseling settings. Prerequisite: A minimum grade of B in COUN 501, COUN 510, and COUN 540.

COUN 539 - Introduction to Play Therapy

Hours: 3

Students will develop an effective philosophy of and approach to play therapy and an increased understanding of children and of children's world views. Through an experiential component, the student will learn to communicate with children at an affective level, to promote children's self-exploration and understanding, and to increase children's sensitivity to and acceptance of others. Prerequisite: COUN 516 and COUN 528.

COUN 540 - Diagnosis & Treatment Planning for Clinical Mental Health Counselors

Hours: 3

Principles and models of biopsychosocial assessment, case conceptualization, and treatment planning for counseling applications within a managed care framework. DSM diagnosis and differential diagnosis formulations, disorder prevention and intervention, and promotion of optimal mental health within counseling settings are studied. Prerequisites: COUN 501, COUN 510, COUN 564, and COUN 545.

COUN 545 - Dev Issues/Strategy in Counseling

Hours: 3

This course provides an overview of theory and research related to human growth and development over the lifespan. In addition to meeting the core curricula objectives required for accreditation, the course provides specific developmentally appropriate interventions supported by research that are designed to enhance the growth and development of clients who seek counseling services. Crosslisted with: PSY 545.

COUN 548 - Advanced Counseling Skills

Hours: 3

A laboratory-based, experiential course, Advanced Counseling Skills expands upon the knowledge and skills obtained in COUN 516 while also integrating counseling theory to inform counseling process. In addition, students will participate in a counseling experience, further develop basic counseling skills and learn advanced counseling skills, and adhere to the ACA Code of Ethics. This course provides a foundation for practicum and internship experiences. Consistent demonstration of these skills, with intention, is a prerequisite for enrollment in practicum (COUN 551). Prerequisites: COUN 516 and COUN 528.

COUN 549 - Ethics in Prof Coun

Hours: 1

Ethics in Professional Counseling. One semester hours Examines ethical and legal issues in counseling and the behavioral sciences. Includes theories of moral philosophy and the development and application of professional codes.

COUN 551 - Practicum

Hours: 3

Provides for continued development and practice of skills learned in COUN 516 and COUN 548. Students develop conceptual and professional skills related to their practice at a field site and practice various specified counseling and related activities during a minimum of 100 hours at an agency (community mental health or private practice). The students will be providing counselling services under licensed counsellor/supervisor. Students obtain a grade as Satisfactory or Unsatisfactory. Prerequisites: COUN 548 with a grade of B or better. COUN 522, COUN 517, COUN 540, COUN 545, and COUN 564 all with a grade of B or better.

COUN 552 - Internship

Hours: 3

Students will integrate counselling process, conceptual the client cases combining their professional and personal skills. Provides for continued development and practice of skills learned in COUN 516 and COUN 548. Provides extensive supervised experience in a setting closely aligned with student's chosen program. Students develop conceptual and professional skills related to their practice at a field site and practice various specified counseling and related activities during a minimum of 600 hours at an agency (community mental health or private practice). agency. Students will provide counseling services at program approved site, with a program approved supervisor. Course is graded as Satisfactory or Unsatisfactory. Prerequisites: COUN 551, Students must submit application form to director of training placements a semester before actual enrollment (check department website for due dates).

COUN 555 - Internship in College Student Affairs

Hours: 3

Primary interest is on integration of knowledge and skills in a professional college student affairs setting. Provides supervised experience in a setting closely aligned with student's chosen program. Students must complete a minimum of 300 clock hours at an approved college student affairs site. Students typically enroll in Internship during the semester in which they plan to graduate. This course IS NOT offered during summer terms.

COUN 560 - Crisis Intervention

Hours: 3

An overview of crisis intervention. Major theoretical models of situational crises are described and operationalized across a variety of service delivery systems. Students will develop conceptual competency necessary for professionals engaged in crisis intervention. Special emphasis is given to contemporary research in suicidology, disaster psychology, and crisis management for schools. Prerequisites: Admission to Master's Counseling program.

COUN 564 - Individual and Family Crisis and Resources

Hours: 3

This course explores problems commonly experienced by individuals and families and examines pertinent resources available to address them. Topics include counseling treatment and intervention planning, outcome measurement, and evidence-based strategies and techniques for prevention and intervention. Additional focus areas include promoting client access to community-based resources, suicide prevention models, crisis intervention strategies, trauma-informed care, and community-based approaches such as Psychological First Aid. Prerequisites: COUN 501 and COUN 510; minimum grade of B in both courses.

COUN 580 - Cou Substance Abuser: Drugs

Hours: 3

Covers a broad range of topics related to chemical dependency with regards to school counseling, clinical mental health counseling, marriage and family counseling, career counseling, child and adolescent counseling, college counseling, and addictions counseling, along with other counseling specialties. Topics include prevention, abused substances and their effects, symptoms of chemical dependency, chemical dependency treatment models, applications in a multicultural society, 12-step and other support group models, employee assistance programs, and relapse prevention, along with emerging issues.

COUN 581 - Assessment and Treatment of Chemical Dependency

Hours: 3

Provides in-depth information regarding the assessment and treatment of chemical dependency. Topics include coping skills; motivation for change; management of stress, anxiety, and anger; screening for chemical dependency in health care settings; various chemical dependency interventions; and planning specific treatments to match individual clients.

COUN 589 - Independent Study

Hours: 1-3

Independent Study. One to three semester hours. Individualized instruction/research at an advanced level in a specialized content area under the direction of a faculty member. May be repeated when the topic varies. Prerequisites: Consent of department head.

COUN 590 - Legal Issues Stu Affairs

Hours: 3

Legal Issues in College Student Affairs. Three semester hours. Provides information about the legal issues common to college student affairs administrators. Includes student-university relationship, risk management techniques, civil rights, contracts and federal regulations.

COUN 595 - Research Literature and Techniques

Hours: 3

Emphasizes research in the student's major field, basic statistics, literature review, proposal and report development, research implementation, needs assessment, program development, and ethical and legal considerations regarding research through the presentation of a formal research proposal and/or completion of presentation of a research report. Prerequisites: COUN 516 and COUN 528 or Admission to a master's Counseling program. Corequisites: COUN 516 and COUN 528. Crosslisted with: PSY 595, SPED 595.

COUN 597 - Special Topics

Hours: 1-3

Special Topics. One to three semester hours. Organized class. May be repeated when topics vary.

COUN 606 - Stu Affairs Services Hi Ed

Hours: 3

Student Affairs Services in Higher Education. Three semester hours. As the foundation course for those planning to enter students affairs work in higher education, this course offers students opportunities to examine the historical and contemporary role and scope of college students personnel services. Provides students with in-depth understanding of major theories of students development and the application of these theories to student development practice.

COUN 607 - Contemporary College Student

Hours: 3

Examines various aspects of contemporary college student life and characteristics of present and future college students. Presented as a seminar to identify and examine salient issues facing college students including, but not limited to, sources of motivation, learning styles, development of values, relationship development, mental-health/psychosocial development and issues related to health and one's social, cultural, and family context.

COUN 609 - Introduction to Statistics for Counseling and Human Services Research

Hours: 3

A doctoral-level introductory statistics course, emphasizing applications to counseling and human service research. The major focus will involve an examination of basic statistical procedures: descriptive statistics, hypothesis testing, and univariate inferential statistics. Usage of a computer-based statistical software tool (Statistical Package for the Social Sciences) will be emphasized. Meets requirements for a Level II research tool course. Prerequisites: Admission to a PhD or EdD program in the College of Education and Human Services or consent of the instructor.

COUN 610 - Adv Counsel Theories & Techniq

Hours: 3

Advanced Counseling Theories and Techniques. Three semester hours. In-depth study of various counseling approaches with opportunities for demonstration and evaluation of each student's counseling skills. Prerequisite: Doctoral status or consent of the instructor.

COUN 611 - Introduction to Marriage and Family Counseling/Therapy

Hours: 3

A survey of the historical development and principal conceptualizations of marital and family counseling/therapy. Goals include an initial examination and comparison of various theories currently employed in the field with an emphasis on interview techniques. Subject areas to be covered include the various schools of family counseling/therapy, along with current trends and issues in marriage and family counseling/therapy. Prerequisites: COUN 516 and COUN 528. Corequisites: COUN 516, COUN 528.

COUN 612 - Adv Sem M&F Coun/Therapy

Hours: 3

Advanced Seminar in Marriage and Family Counseling/Therapy. Three semester hours. A didactic and experiential seminar course in marital and family counseling/therapy for advanced students. Emphasis is on the development of the student's therapeutic expertise in structural and strategic family intervention techniques. Prerequisites: COUN 611 and doctoral status or consent of the instructor.

COUN 613 - Intermediate Statistical Techniques

Hours: 3

Includes a review of introductory statistics, presentation of basic concepts of analyses of variance, advanced correlational methods, and multiple regression, as well as other intermediate statistical methods. Focuses on use of the statistical software program SPSS for data analysis. This is an approved Level III doctoral research tools course. Prerequisite: Level I and Level II research tools or equivalent or permission of the instructor. Crosslisted with: PSY 681.

COUN 614 - Counseling Strategies for Parent-Child Relationships

Hours: 3

A didactic and experiential course dealing with counseling techniques applied to the improvement of parent-child relationships. The course focuses on intervention skills of transgenerational family therapy, play therapy, and parenting education based on an understanding of the family life cycle and family structure. Prerequisites: Doctoral standing or consent of instructor.

COUN 615 - Marital Counseling/Therapy

Hours: 3

A study of counseling theories applied to marital and other dyadic relationships. Emphasis will be placed on the assimilation, integration, and application of information pertaining to such topics as marital/divorce developmental tasks theory, object relations theory, systemic family of origin theory, interaction patterns in marriage, divorce process, and post-divorce adjustment. Techniques and historical development of marriage enrichment, marital counseling/therapy, and divorce counseling/therapy interventions will be included. Prerequisites: COUN 611, COUN 513, and doctoral status or consent of the instructor.

COUN 620 - Superv Cou Human Develop

Hours: 3

Supervision in Counseling and Human Development. Three semester hours. A didactic and experiential course for post-graduate and doctoral students who wish to assume the role of supervisor. Goals include the assimilation and application of major theoretical/conceptual models and supervision approaches in counseling and human development. Prerequisite: Doctoral status or consent of the instructor.

COUN 621 - Psychoeducational Consulting and Program Evaluation

Hours: 3

Psychological, educational, and sociological theories, models, and processes applied to human and organizational systems of change. Special attention is directed to applying theory to practice and to differentiating between human and structural problems and interventions. Prerequisites: Doctoral standing or consent of instructor. Crosslisted with: PSY 679.

COUN 622 - Advanced Seminar in Social, Cultural, and Family Issues

Hours: 3

This course provides students with a variety of opportunities to increase their level of personal (self-reflective) awareness, as well as clinical awareness, knowledge, and skills in working with individuals from all social, cultural, and family backgrounds. This enhanced competence better prepares doctoral students to teach, supervise, and mentor counseling trainees and novice practitioners, to conduct research that is responsive to a wide range of perspectives, and to provide direct services to clients from varied backgrounds. Prerequisites: Doctoral standing or consent of instructor.

COUN 623 - Advanced Social and Cultural Context in Counseling

Hours: 3

This course examines how social, cultural, and family contexts intersect to shape individuals' intrapersonal and interpersonal experiences within the counseling process. A conceptual framework for understanding these intersecting factors enhances students' awareness of contemporary issues in counseling. Prerequisites: COUN 522 or equivalent graduate level multicultural counseling course.

COUN 625 - Research Application

Hours: 3

A doctoral course which focuses on the development of research skills and inquiry methods. The student is exposed to various quantitative and qualitative approaches. In addition, the course provides students with an understanding of scientific inquiry, purpose and benefits of research, research-related ethical and legal issues, and sampling procedures. This is an approved doctoral research tools course. Prerequisites: Doctoral status and completion of 30 semester hours of doctoral level coursework or consent of instructor.

COUN 634 - Self Injurious Behavior: Conceptualization and Treatment

Hours: 3

This course provides advanced doctoral and advanced master's students with knowledge of appropriate use of conceptualization and treatment skills with individuals who employ self-injury as a means of self-regulation. Students will learn conceptualization skills and therapeutic interventions facilitative in working with self-injurious behavior. Students also will engage in online reading assignments and discussion that will facilitate learning. Prerequisites: Master's degree in Counseling or permission of the instructor.

COUN 640 - Advanced and Multivariate Statistics for Counseling

Hours: 3

An advanced doctoral-level statistics course, emphasizing applications to both counseling and other human services. Includes a thorough examination of multivariate inferential statistics, along with applying both univariate and multivariate post hoc procedures. Usage of a computer-based statistical software program (Statistical Package for the Social Sciences) will be emphasized. Meets requirements for a Level V research tool course. Prerequisites: Doctoral standing and completion of Level I, Level II, and Level III tools courses or permission of instructor.

COUN 650 - Inst Th & Meth in Coun Ed

Hours: 3

This course is designed to develop/improve counselor educator skills including planning units or courses, delivering instruction, and assessing learner outcomes. The course also addresses ethical standards for counselor educators. Although the primary focus is on teaching counselors-in-preparation, students will acquire knowledge and develop skills that are applicable to other situations such as presenting at professional conferences and conducting staff development. Prerequisite: doctoral standing or consent of instructor. Crosslisted with: PSY 680.

COUN 660 - Doctoral Field Experience

Hours: 3

The doctoral field experience includes a minimum of twelve semester hours, during which time students are involved in various supervised experiences. The first three semester hours include 300 clock hours of supervised clinical work in the department based training facility where students provide direct counseling to individuals, families, couples, and groups, and refine advanced counseling skills. Six semester hours (600 clock hours) include 300 clock hours of clinical experience in an approved site, plus 300 clock hours of supervised teaching and clinical supervision. During this time students are expected to expand their counseling, teaching, and supervision skills.

COUN 661 - Advanced Practicum

Hours: 3

Advanced Practicum includes 300 clock hours of supervised clinical work in an approved site where students engage in counseling activities with individuals, families, couples, and/or groups, with attention to broadening and refining advanced counseling skills. The remaining six semester hours (600 clock hours) include 300 clock hours of clinical experience in an approved site. During this time students are expected to expand their counseling, teaching, and supervision skills. Prerequisites: COUN 660 Clinical Supervision.

COUN 662 - Advanced Internship

Hours: 3

Advanced Internship includes 300 clock hours of supervised clinical work in an approved site where students engage in counselor education (see CACREP 2016 Doctoral Core Areas). The remaining three internship semester hours (600 total clock hours over two semesters) include 300 clock hours of experience in an approved site. During this time students are expected to expand their counseling, teaching, supervision, leadership, research, and/or diversity skills. Prerequisites: COUN 660, COUN 661, 717, 650, 610, 620, & 695.

COUN 689 - Independent Study

Hours: 1-3

Independent Study. One to three semester hours. Individualized instruction/research at an advanced level in a specialized content area under the direction of a faculty member. May be repeated when the topic varies. Prerequisites: Consent of department head.

COUN 690 - Qualitative Research

Hours: 3

This practicum experience is designed to complement and build upon knowledge gained in HIED 696 or EDAD 698. This course is an approved Level IV doctoral research tools course. Prerequisites: HIED 696 or EDAD 698 Note: The course is intended for advanced doctoral students who plan to do a qualitative study for their dissertations and/or seek in-depth practical experience in the use of qualitative research methods used in educational research (e.g., interview strategies, participant observation, and case studies). Students will engage in practice and skill development in analyzing and interpreting qualitative data, communicating results, and evaluating qualitative research. Each student will complete a qualitative research project and write a journal length article based on the research.

COUN 695 - Research Methodology

Hours: 3

An overview of research methodology including basic concepts employed in quantitative and qualitative research methods. Includes computer applications for research. This is an approved Level I doctoral research tools course. Prerequisites: Doctoral status or consent of the instructor.

COUN 697 - Special Topics

Hours: 3

Organized class Prerequisites Doctoral status Note May be repeated when topics vary

COUN 717 - Ethics & Prof Development

Hours: 3

Ethics and Professional Development. Three semester hours. Examines ethical and professional development issues in counseling and the behavioral sciences. Prerequisite: Doctoral status.

COUN 718 - Dissertation

Hours: 3-9

Doctoral Dissertation. Three to nine semester hours. A candidate must present a dissertation acceptable to the student's advisory committee and the Dean for Graduate Studies and Research on a problem in the area of his specialization. To be acceptable, the dissertation must give evidence that the candidate has pursued a program of research, the results of which reveal superior academic competence and significant contribution to knowledge. Graded on a (S) satisfactory or (U) unsatisfactory basis.
