The purpose of this interview session is to provide prospective interns with information about the various ISDs and to provide an opportunity for ISD personnel (often a team of the principal and Mentor/Cooperating teachers), to identify prospective interns with whom they would like to work.

A student may be withdrawn from internship or residency upon recommendation of the student's field based instructional leadership team (ILT). This withdrawal from internship or residency will result in the student no longer being retained in the teacher education program.
