Location: Henderson Hall, Room 307, 903-468-8190

School of Social Work Web Site (<http://www.tamuc.edu/academics/colleges/educationHumanServices/departments/socialWork/default.aspx>)

The school offers a broadfield major in social work, which is accredited by the Council on Social Work Education, and leads to the Bachelor of Social Work (BSW) degree. The School of Social Work offers a graduate degree (MSW) for advanced social work practice.

An undergraduate major in this field prepares a student for entry level generalist social work practice and for entry into a graduate school of social work. Graduates are educationally prepared and eligible to sit for an exam to become licensed to practice professional generalist social work in Texas and many other states.

Social Workers significantly affect the lives of many people. Members of the profession provide services to people of all ages, races, creeds, and educational levels. The undergraduate professional curriculum is built upon and integrated with a liberal arts perspective. The required courses are planned to enable graduates to attain a beginning professional level of proficiency in generalist social work practice. The graduate curriculum provides students with advanced competencies to work autonomously, to supervise others, and to serve in administrative roles.

Admission to the Undergraduate Social Work Program

Students may register for the three lower division courses (SWK 2361, SWK 2389 and SWK 2362) without declaring the social work major and before admission to the Program. However, enrollment in most upper division social work courses is restricted to social work majors. Students will usually apply for admission to the Program late in the second semester of their sophomore year, and will be notified of their admission status prior to the beginning of the junior year.

For unconditional admission to the Program, students must have completed the three lower division social work courses and their prerequisites, and all Core Curriculum Requirements (<http://coursecatalog.tamuc.edu/undergrad/core-curriculum-requirements/>) except PE courses. The student must have an overall GPA of at least 2.5 on a 4.0 scale, a grade of "C" or higher must have been earned in the three sophomore level social work courses for continued enrollment in the program, and the student must earn at least a "C" in all required social work courses, SOC 1306, PSY 2301 and MATH 1342 Elementary Statistical Methods or PSY 2317.
