School of Music Web Site (<http://www.tamuc.edu/academics/colleges/humanitiesSocialSciencesArts/departments/music/default.aspx>)

East Texas A&M University is an accredited member of the National Association of Schools of Music and the Texas Association of Music Schools. The department offers a Bachelor of Arts in Music, and a Bachelor of Music with concentrations in Performance (Instrumental, Voice, and Piano), and Music Education (Instrumental/K-12 licensure, and Vocal-Choral/K-12 licensure). At the graduate level the department offers the Master of Music degree, with emphases in Performance or Music Education. The School of Music also offers a minor in music for undergraduate students majoring in other disciplines.

Bachelor Of Music Education

The Bachelor of Music Education, combined with professional education requirements, provides students with the information and skills to be a music educator at all levels and prepares them to take the exams for teacher certification in Texas. Though students are prepared to teach instrumental and vocal music at all grade levels, the curriculum allows them to select one of two areas of emphasis:

Student seeking the Bachelor of Music with All-level Certification must complete:

1. Degree requirements (Music Core and Music Emphasis; see below) for a Bachelor of Music Education,
2. Core Curriculum Requirements (<http://catalog.tamuc.edu/undergrad/core-curriculum-requirements/>),
3. Requirements for admission to and retention in the Teacher Education Program (refer to the Center for Educator Certification and Academic Services section of this catalog), and
4. Professional development courses (refer to the appropriate departmental section in this catalog, e.g., Department of Curriculum & Instruction).

Bachelor of Music Performance

The Bachelor of Music Performance degree with an emphasis in performance (piano, voice, winds, percussion, guitar or pedagogy) prepares students for careers as professional musicians in an orchestra, opera, ballet, recording studio, private studio, or military organization.

- **Core Curriculum Requirements (42 sh)**
 - Refer to Core Curriculum Requirements (<https://coursecatalog.tamuc.edu/undergrad/core-curriculum-requirements/>)
 - **Visual and Performing Arts option:** MUS 1315 World Music

Music requires disciplined skill development and careful sequencing of specific courses. Starting with the freshman year, students generally enroll in two Core Curriculum courses per semester with the balance of coursework in music. This pattern continues throughout the degree program. Additional non-music courses may be required to satisfy deficiencies. Due to the substantial degree requirement, summer school is frequently encouraged.

Bachelor of Arts in Music

The Bachelor of Arts (BA) in music is for students interested in music, but who do not want to pursue music teaching or performing careers. The BA requires a minor (18 hour minimum) in a non-music area and includes room for 6 hours of music electives and 6 hours for non-music electives (all electives must be upper division).

Ensembles

The bands, choirs, and other ensembles are open to all students upon audition. These ensembles carry one hour credit each semester. Non-music majors may count ensemble credits as elective or minor credits toward graduation. Other instrumental and vocal ensembles give students the opportunity to perform specialized literature. Music majors must enroll in a principal ensemble each semester until all music degree requirements are met or until the semester of student teaching. Principal ensembles include Chorale, University Choir, Wind Ensemble and Symphonic Band. **All instrumental music majors are required to participate in Marching Band for four semesters.** One or two additional ensembles may be elected and/or stipulated by the student's advisor in order to ensure appropriate experience and adequate instrumentation.

Applied Music

Private Instruction

Private instruction in applied music is offered each term. Each credit hour involves one 30-minute private lesson per week and requires a minimum of six hours practice each week. A maximum of three semester credit hours may be taken in a long semester. During the summer sessions, a maximum of one

credit hour may be taken in each summer term. A jury exam will be given at the end of each long semester and at the end of summer school in MUS 151 Minor Applied, MUS 152 Principal Applied, MUS 351 Minor Applied, and MUS 352 Principal Applied unless waived by the applied music faculty. Music majors without basic skills may be required to take additional instruction beyond what is suggested in degree outlines to meet proficiency requirements for various majors.
